

One-of-a-Kind Gemstone Earrings and Custom-Design Experience

Actress, Brooke Shields, and world-renowned jeweler, Robert Procop, have designed a pair of one-of-a-kind, 18k-white gold and gemstone earrings, benefitting the R·I·T·Z Gala, celebrating the San Diego Zoo's 100 years.

You and a guest will be chauffeured by a private car service to the Beverly Hills studio of Robert Procop, Brooke Shields and Angelina Jolie. After taking a tour of the studio, you and Robert will select two sugarloaf center stones from either amethyst or topaz gemstones. Then, create the finishing touch by surrounding them with diamonds or sapphires. In addition to these exquisite custom-made earrings, you will receive a book featuring the jewelry design and photographs from the studio tour. This private design experience will be followed by an elegant lunch at the Beverly Wilshire Hotel.
